Lettuce cater to you.

We'll make it here when you can't make it here.

Say goodbye to back-to-back meetings on an empty stomach and adios to long lines during the lunch rush. Your employees don't have to choose convenience over quality anymore because we cater an effortless experience by delivering fresh, cooked-to-order meals straight to your employees in the office. It's as easy as it is delicious.

All catering orders include cutlery, napkins, and plates unless otherwise specified. Plus, placing your order is simple.
